NOTE GENERALI • GENERAL INFORMATION • INFORMACIONES GENERALES

Le nostre pregiate rubinetterie sono realizzate in Italia interamente a mano da esperti artigiani del settore. A differenza di molti altri rubinetti disponibili ad oggi sul mercato, i nostri sono realizzati in ottone pesante, fusi in stampi che rispettano i sistemi artigianali di un tempo, protetti con uno spesso strato di finitura che spazia dal cromo fino al bronzo. Siamo fieri di poter proporre sul mercato prodotti unici dalle forme e dal design esclusivo Sbordoni. L'artigianalità dei nostri prodotti ci consente estrema flessibilità per soddisfare anche richieste speciali di prodotti su misura. Finiture speciali disponibili su richiesta. (Vedi tabella finiture). I nostri rubinetti vengono forniti con vitoni meccanici. Tutte le serie sono disponibili, su richiesta, anche nella versione con vitone a dischi ceramici (serie Livia solo vitoni dischi ceramici). Pressione per un buon funzionamento 1,5 bar; pressione minima per funzionamento 0,5 bar.

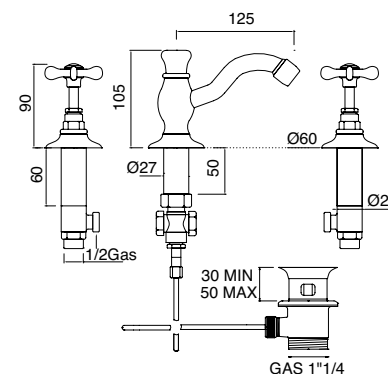

Our beautiful brassware pieces are wholly manufactured in Italy by very skilled craftsmen. Unlike many other products in the market, our pieces are made in solid brass, cast in the time-honoured way and protected by a deep, sparkling coat available in different finishes from chrome to bronze. We are proud to offer these unique products made to our exclusive Sbordoni design. The close control of our brassware manufacture provide us with great flexibility and we can also satisfy requests for made to measure products. Special finishes are available on demand (see finishes chart). Our taps and mixers are available with quarter turn ceramic disc valves and traditional mechanical valves are available to order. (The Livia range are only available with ceramic discs.) The minimum pressure for optimum operation is 1.5 bar; minimum pressure is 0.5 bar.

Nuestra grifería es realizada en Italia enteramente a mano por expertos artesanos. A diferencia de muchos otros productos que se pueden encontrar en el mercado, nuestros son hechos con latón pesado, fundidos en moldes que respetan los sistemas productivos artesanales de hace muchos años, y protegidos con una gruesa capa de acabado de tipos variados. Estamos orgullosos de poder proponer productos únicos y por su design exclusivo Sbordoni y por forma. La artesanía de nuestros grifos nos permite flexibilidad para satisfacer también demandas de productos personalizados. Acabados especiales disponibles a pedido. (La carta de acabados puede ser consultada en la parte interna de la cubierta). Nuestros grifos llevan montura mecánicas. Todas las líneas son disponibles con montura cerámica (la gama Livia puede llevar únicamente montura cerámica). Presión mínima por un buen funcionamiento 1,5 bar; presión mínima por funcionamiento 0,5 bar.
